

2021 Mars Society Virtual Convention

Date

Thu, Oct 14, 2021, 12:00 AM – Sun, Oct 17, 2021, 12:00 AM

Location

Virtual Event

Holder Name

Mukhila S

General Registration

1006403194001

Event Description

Our four-day event is free, and brings together prominent scientists, policymakers, entrepreneurs and space advocates to discuss the significance of the latest scientific discoveries, technological advances and political-economic-social developments that could affect plans for the human exploration and settlement of Mars. As always, the convention will involve a wide variety of timely plenary talks, panel discussions and public debates concerning key issues bearing on human Mars exploration.
